JULAND

Tacho Start TSM3

Tacho Start Module with Injector Hold-on & Safety-Switch

Features:-

- ◆ Starts on Petrol, Switches to Gas
- ◆ Adjustable Tachometric Change Point
- ◆ Adjustable Injector Hold-on
- ◆ Plug into Juland 500 Series using Loom (Supplied)
- ◆ In-built Safety-Switch
- ◆ “Straight-Gas” Start easily achieved
- ◆ Suits 4, 6, and 8 Cylinder distributor and distributorless engines
- ◆ Designed to be Hidden from view
- ◆ Juland’s Lifetime Warranty *“If it’s faulty, we’ll replace it”*

Benefits:-

- ◆ *Three products in one = Less wiring!*
- ◆ *Loom Saves Time = Save Money!*
- ◆ *No ugly “Hanging” modules = Happy Customers!*
- ◆ *Use with an Integrated Switch = Happy Customers!*
- ◆ *Juland Reliability = Fewer returns!*

How it works:-

When LPG is selected, the Juland TSM3 starts on Petrol and performs a Tachometric change to LPG. When changing to LPG there is an injector hold-on. The revs. change-point is adjustable, as is the injector hold-on duration. The safety-switch disables LPG when the engine stops turning over.

Applications:-

The TSM3 is suitable for any conversion where a European style converter is used with an ‘underhanging’ switch/tacho module. Used with a Juland “500” or “800” series, a very attractive and functional outcome is achieved.

Technical Specifications:-

Tacho Change:	Adjustable from 700 r.p.m. - 2000 r.p.m. (Approx.)
Injector Hold-on:	Adjustable from 0 sec. - 2 sec.
Safety-Switch:	0.8 sec. fixed.
Output Current:	5.0Amps Max.
